DEPARTMENT OF TRANSPORTATION
Office of the Secretary
49 CFR Part 26
Docket No. OST-2012-0147]
RIN 2105-AE08
Disadvantaged Business Enterprise: Program Implementation
Modifications
AGENCY: Office of the Secretary (OST), U.S. Department of
Transportation (DOT).
ACTION: Final rule.

SUMMARY: The U.S. Department of Transportation (DOT or Department) is amending its disadvantaged business enterprise (DBE) program regulations to improve program implementation in three major areas or categories. First, the rule revises the uniform certification application and reporting forms, creates a uniform personal net worth form, and collects data required by the Moving Ahead for Progress in the 21st Century Act (MAP-21), on the percentage of DBEs in each State. Second, the rule strengthens the certification-related program provisions, which includes adding a new provision authorizing summary suspensions under specified circumstances. Third, the rule modifies several other program provisions concerning such subjects as: Overall goal setting, good faith efforts, transit vehicle manufacturers, and counting for trucking companies. The revision also makes minor corrections to the rule.

DATES: This rule is effective November 3, 2014.
